ABOUT ME

I'm Shekhar, a Mumbai-based Web UI Developer skilled in website building, customization, and successful web campaigns, including Landing Pages and Email campaigns. From creating chess games in JavaScript to developing e-commerce websites with React, Node.js, and MongoDB, I bring hands-on expertise to various projects.

WORK EXPERIENCE

2019-Present

WEB DEVELOPER/ CAMPAIGN DEVELOPER
Accenture

In Accenture, I am working as a Campaign Web Developer. Here we are using Eloqua, Adobe, Salesforce for CRM activities and Jira for Ticket Management.

2017-2019

SENIOR WEB UI DEVELOPER
Aspiring web solutions

In Aspiring web solutions, I was working on Core Web UI Development which includes PSD to HTML conversion with PHP and little bit SQL knowledge.
